---

---

If no precise method of adjustment has been determined at this time, then the contract sum shall be equitably adjusted within 30 days to compensate the contractor for the change at contractor’s standard rates. Payment for any change shall be due before work begins and in no event later than upon completion of the change work. The time for completion of any existing contract shall be increased by the estimated \_\_\_ days required to complete the change or by an equitable amount of time if no time estimate is presently agreed. The contractor may request suitable verifications of funding for this change or extra work order before work commences or materials ordered.
